LOW BUDGET
THEATRICAL AGREEMENT

2007 - 2009
LOW BUDGET
THEATRICAL AGREEMENT

THIS AGREEMENT is made and entered into between _____ (“Employer”) and the INTERNATIONAL ALLIANCE OF THEATRICAL STAGE EMPLOYES, MOVING PICTURE TECHNICIANS, ARTISTS AND ALLIED CRAFTS OF THE UNITED STATES AND CANADA, AFL-CIO, CLC (“IATSE” or “Union”).

The Employer is engaged in the production of low budget theatrical productions throughout the United States and Canada for first exhibition in theatrical release. The IATSE represents motion picture technicians and artisans whose services are utilized by the Employer in connection with its productions. It is the intent of the parties hereto that this Agreement establish the wages and working conditions applicable to such motion picture production technicians and artisans.

ARTICLE I - SCOPE AND APPLICATION

A. This Agreement shall be applicable to all low budget theatrical productions (as defined herein), produced in the United States or Canada, subject to the Canadian Supplement hereto, by Employer or by production entities which it controls, for first exhibition in theatrical release. As set forth herein, this Agreement shall be applicable to any feature length motion picture which has production costs budgeted within the low budget tiers reflected below. Production costs (“production costs”) means all production costs, “above” and “below the line” costs, “pre-production,” “production” and “post-production.” The costs of the premium for a completion bond and the contingency fund not to exceed ten percent (10%) of the budget shall not be included as part of the production costs.

B. During the term of this Agreement,¹ the low budget tiers shall be as follows:

	<u>TIER ONE</u>	<u>TIER TWO</u>	<u>TIER THREE</u>
Effective January 1, 2007	Production costs budgeted at no more than 3.904 million dollars (\$3,904,000)	Production costs budgeted over 3.904 and at not more than 6.662 million dollars (\$3,904,000 to \$6,662,000)	Production costs budgeted over 6.662 and at not more than 9.421 million dollars (\$6,662,000 to \$9,421,000)

¹ The applicable tier shall be based on the date on which principal photography commences and computed in US dollars. January 1st anniversary date wage rate and benefit contribution increases shall not be deemed “production costs” for films which commence principal photography prior to such anniversary date.

Effective January 1, 2008	Production costs budgeted at no more than 4.064 million dollars (\$4,064,000)	Production costs budgeted over 4.064 and at not more than 6.936 million dollars (\$4,064,000 to \$6,936,000)	Production costs budgeted over 6.936 and at not more than 9.807 million dollars (\$6,936,000 to \$9,807,000)
Effective January 1, 2009	Production costs budgeted at no more than 4.230 million dollars (\$4,230,000)	Production costs budgeted over 4.230 and at not more than 7.220 million dollars (\$4,230,000 to \$7,220,000)	Production costs budgeted over 7.220 and at not more than 10.209 million dollars (\$7,220,000 to \$10,209,000)

C. Prior to the commencement of pre-production work on a motion picture as defined above and covered by this Agreement, the Employer shall submit to the IATSE a copy of the budget, the crew list when available, titles of the production, location, and projected start and completion dates. Representatives of IATSE or retained professionals shall have the right to review the budget and the above specified information and make inquiries to Employer concerning the budget. Employer agrees to cooperate and provide the additional information to the extent it can reasonably do so.

D. Employer shall provide the IATSE, upon request, with a report of the actual expenditures of the production (Final Expenditure Report) and such other relevant materials as the IATSE may require which show the actual cost of the production. In the event that the production costs (excluding costs reimbursed by insurance) of the motion picture have exceeded the applicable budget Tier by more than ten percent (10%) as determined by the budget established at commencement of principal photography, then the employees employed on the motion picture and covered by Appendix A, paragraphs 1(a) and (b) shall be paid retroactively for all hours worked or paid for at the wage rates, premiums, overtime, travel pay, and all identifiable labor costs that would be applicable under the provisions of the then current IATSE-Producer Basic Agreement and IATSE Local Agreements.² For employees covered under Appendix A, paragraph 2, the wage rates shall be paid retroactively with a ten percent (10%) increase. If such overages are caused by an act of God, fire, earthquake, or governmental action, the above-referenced retroactive additional payments shall not be required. Notwithstanding the above-stated provisions, if the actual production costs (excluding costs reimbursed by insurance) of the motion picture exceed the applicable budget Tier with a ten percent (10%) or greater variance and the Employer provides written notice to the IATSE that the production costs (excluding costs reimbursed by insurance) have exceeded the applicable ceiling in the relevant low budget category established under this Agreement no later than two (2) weeks prior to the completion of all post-production, then the wage rates applicable hereunder shall be automatically adjusted to the rates applicable to productions in the category established under this Agreement that encompasses the production costs of the production. If Employer fails to provide the above written notice of a ten percent (10%) or greater variance, and/or if the production costs (excluding costs reimbursed by insurance) exceed the applicable Tier Three

limit, with a ten percent (10%) or greater variance, then the labor costs as described in the IA Basic Agreement and the Local Agreements shall be applicable on a retroactive basis.

E. All information received or reviewed by representatives of the IATSE or retained professionals shall be confidential and neither the IATSE nor its representatives or retained professionals shall disclose any such information except as necessary to enforce their rights under this Agreement.

F. The Union shall have the right at any time, whether during pre-production, production, post-production, or after exhibition, to inspect at the Employer's offices all records, documents, and information relating to the budget and the actual costs of the production, including the right to use retained professionals. Notwithstanding the provisions of Article VIII, the Union shall have the right to inspect budget records as set forth above and to assert a grievance and proceed to arbitration on the enforcement and implementation of the provisions of this Article I within twelve (12) months following the initial release or exhibition of a covered film.

ARTICLE II - RECOGNITION

The foregoing shall be subject to and limited by applicable law and to the extent that any applicable law does not permit the form of union security herein provided, then and in that event, this Agreement shall be deemed to provide for the maximum form of union security permitted by said law. The foregoing shall be deemed satisfied by membership in any local union affiliated with the Union. "Members in good standing" shall be defined, interpreted and implemented by the parties in compliance with applicable law including an employee who meets the financial obligations only in accordance with the provisions of the National Labor Relations Act.

ARTICLE IV - ADMINISTRATION

In order to achieve consistency and continuity in the administration of this Agreement, and its Canadian Supplement, the IATSE shall designate both a U.S. East Coast and West Coast and Canadian representative responsible for the administration of the Agreement. ARTICLE V - ACCESS

The designated representatives of the Union, including local union representatives authorized by the IATSE, shall be permitted reasonable access to all production sites where persons covered by the Agreement are performing services.

ARTICLE VI – PAYROLL RECORDS

By virtue of this Article VI, the Employer hereby authorizes any payroll service it has engaged to process payroll for a theatrical production subject to this Agreement to provide payroll information on employees covered by this Agreement employed on such production to an authorized representative of the IATSE upon request. The IATSE will notify the Employer of such request to its payroll service.

ARTICLE VII - JOB STEWARD

The IATSE may appoint separate stewards for production and off production units. The identity of the designated steward shall be made known to the production manager of each covered motion picture. It is understood that the steward shall in no way be discriminated against for any cause whatsoever in the performance of their duties as a steward.

ARTICLE VIII - NO DISCRIMINATION

The Employer and the Union agree that there shall be no discrimination against any employee or prospective employee due to race, color, creed, sex, age, physical handicap, union membership, national origin, sexual orientation, or as otherwise provided in applicable state, provincial or federal law.

ARTICLE IX - GRIEVANCE PROCEDURE

Any dispute between the Union and the Employer concerning the interpretation and/or application of this Agreement which cannot be initially resolved between the Union's designated representative, including local union representatives authorized by the IATSE and the Producer, or thereafter cannot be resolved by the IATSE International President or his designated representative and the Employer's designated representative, may be submitted to arbitration by either party for resolution by a final and binding award. If an arbitrator cannot be mutually selected, then one shall be selected from an arbitration panel obtained from the American Arbitration Association in the United States and in Canada either party may apply to the applicable Minister of Labour to appoint an arbitrator pursuant to the procedures of the applicable Provincial or Federal legislation. The arbitrator and parties shall follow the labor arbitration rules of the American Arbitration Association in the United States and the applicable arbitral jurisprudence in Canada. Any claim not reduced to writing and submitted to the other party within thirty (30) calendar days following the incident giving rise to the claim or within thirty (30) calendar days after the aggrieved party had a reasonable opportunity to become aware of the incident, whichever is later, but in no event more than one (1) year after the incident, shall be deemed to be waived.

ARTICLE X - NO STRIKE - NO LOCKOUT

During the term of this Agreement, there shall be no strikes, picketing, work stoppages or disruptive activity by the Union or by an employee, or lockout by the Employer.

Services Administration Trust Fund (Articles XXV and XXVI); provided, however, the wages, working conditions and other terms and conditions of this Agreement shall be fully applicable to employees covered by this Agreement.

ARTICLE XII - PREFERENCE OF EMPLOYMENT

A. In hiring persons within the geographic area covered by Article XI, the Employer will adhere to the provisions of Article IX of the IATSE Basic Agreement and Article 68 of the Local Agreements pertaining to seniority and eligibility for employment; provided, however, that individuals otherwise entitled to preference who are not willing to work for the rates and conditions established by this Agreement shall be deemed “unavailable” and the employer may then hire from any source. Further, the Union, through its affiliated local unions, will initiate procedures to provide the Employer on a timely basis with the names of individuals entitled to preference who will work for the minimum rates and conditions established by this Agreement.

B. Camera department personnel, other than those based in Los Angeles, who are covered by the agreement for thirty (30) days or more in a two (2) year period may, upon application to the Contract Services Administration Trust Fund (“CSATF”), have their names added to the industry experience roster established under the Producer-IATSE Basic Agreement. The employee shall have the burden of establishing his / her eligibility for such industry experience roster placement subject to the then current rules and procedures applicable to such placement.

C. Outside of the geographic area covered by (A) above, the Employer will give first consideration to qualified persons referred by local union affiliates of the IATSE located in the geographic area of a covered production.

ARTICLE XIII – TITLE CREDITS

Title credits may be given to all department heads and key employees in accordance with standard industry practice. The form in which screen credits are given need not conform to an employee’s classification and no presumptions shall flow from the form of such credit. The Employer shall give title credit to the IATSE by displaying its official seal in accordance with standard industry practice.

ARTICLE XIV - MINIMUM TERMS AND CONDITIONS

The wage scales and working condition provisions of this Agreement shall be minimums and employees shall not be precluded from obtaining “better conditions” as that term is understood in the motion picture industry. ARTICLE XV - ASSISTANCE/INTERCHANGE

Re: Sideletter to 2007-2009 Low Budget Theatrical Agreement

The following is intended to memorialize agreements and understandings reached between the parties to the above-referenced Agreement during the course of its negotiation.

BASE CAMP POWER

The parties confirmed that the installation, connection and striking of temporary electric power sources emanating from a location base camp is work within the jurisdiction of the IATSE.

ADDITIONAL CLASSIFICATIONS

The specific inclusion of the publicist, marine coordinator and boat handler classifications shall not be deemed to preclude continuation of the past practice of industry employers in securing such services from third party suppliers and subcontractors, provided however, individuals directly employed to render such services shall be appropriately classified and subject to the Agreement.

PROMOTIONAL RIGHTS

The parties confirmed that the rights derived from the services of employees performing their regular duties covered by the Agreement include the right to exploit the proceeds of their services and their likeness, image or voice in the promotion, marketing or exploitation of the motion picture. The foregoing does not apply when the likeness, image, or voice appear in the motion picture itself.

WORK WEEK SHIFTS

The IATSE will continue its past practice of considering timely requested waivers to permit additional workweek shifts related to a scheduled holiday hiatus and/or travel to or from an overnight production location.

Each party to the 2007-2009 Low Budget Theatrical Agreement hereby confirms its concurrence with the foregoing by its execution of this Sideletter at the place provided below.

Sincerely,

Re: Sideletter to the
2007-2009 Low Budget Theatrical Agreement

The following is intended to memorialize the agreement and understanding reached between the parties to the above Agreement during the course of its negotiation.

A Director of Photography (“DP”) and the Producer of the film may request that the DP be permitted to also function as a Camera Operator. Such request must be made in writing during the film’s pre-production and directed to the IATSE with a copy to the appropriate Camera Local. The IATSE shall have the authority to grant such request based upon special needs or extraordinary circumstances.

The agreement of the DP to operate the camera shall not be a condition of the DP’s employment and the DP and Producer shall confirm same in their request.

Each party to the 2007 – 2009 Low Budget Theatrical Agreement hereby confirms its agreement with the foregoing by its execution of this Sideletter at the place provided below.

Re: Low Budget Theatrical Agreement, 2007 - 2009

Dear Matt:

This letter agreement shall constitute a correction to the above-referenced agreement to correct an inadvertent error that appears in its Canadian Supplement which is inconsistent with the agreement reached during negotiations.

Paragraph 2 of the Canadian Supplement is corrected to read as follows:

Article XVII shall be revised to provide for the payment of double time after twelve (12) work hours on the first five (5) days of the work week, after eight (8) work hours on the sixth (6) consecutive day of a work week and for all hours worked on a seventh day of the work week. Triple time shall be paid for all work hours beyond twelve (12) on a designated holiday.

If you agree that that the above-referenced language correctly reflects the agreement reached during the negotiations for the 2007 – 2009 Low Budget Theatrical Agreement, please acknowledge on the behalf of the IATSE at the place provided below.

Very truly yours,
