KENMORE & CRAFTSMAN

Kenmore & Craftsman **model numbers** are exclusive to Sears and will not be found in our system. We can determine which manufacturer produced the item and provide you with part numbers you can find in our system and order. For Kenmore Water Filters, view the document "Water Filter Tools" in the Resource Library (accessible from your account page). The part numbers for the most common Kenmore Water Filters are shown.

IF you have a Kenmore or Craftsman part number, you can enter the number directly in the part number field of the search bar and order it.

IF you do not have a part number, please call 1-708-948-0225 and let us assist you.

Typical Kenmore and Craftsman model numbers begin with 3 digits followed by a period or a space and then the remaining digits of the model number (i.e. 110.24992300).
