"Shazam! Alacazam! Open Sesame! I suppose it is technology, not really magic, but you'll have a hard time convincing me that SearchMaster isn't the most magical tool I've ever laid my hands on in practicing the art of court reporting for nearly 20 years. In the blink of an eye, you take a magic carpet ride DIRECTLY to what you need. Technology? Perhaps, but you'll never convince me it's anything other than magic."
