## Learn About

*Office Hours*

*"Ask-an-EQuIS-Expert"*

*Product Advisory Forums*

*Online Documentation*

*EQuIS Training Resources*

*EarthSoft Video Library*

*...and More!*

EarthSoft provides many **free** resources to help our clients learn more about EQuIS! Participate in live webinars, take full-length on-demand EQuIS Training courses, ask other EQuIS users questions in the Discussion Forum, watch EQuIS videos, or use the Online Help Documentation and Data Dictionary.

# Live EQUIS Webinars

## EarthSoft Office Hours

[Schedule](#) – Weekly, Thursdays at 11:00 am ET

Typical Length – 30 minutes to 1 hour

Come to our virtual offices and watch bite-size presentations on EQUIS applications and tools, followed by discussion. Topics are generated by client suggestions — email [officehours@earthsoft.com](mailto:officehours@earthsoft.com) to suggest a topic!

## Ask-an-EQUIS-Expert

[Schedule](#) – Weekly, Fridays at 12:00 pm ET

Typical Length – 1 hour

Each week we will discuss a different topic that will be announced in advance. Join our panel of EQUIS experts and get your questions answered from the comfort of your home or office. The EarthSoft panel will share their own tips and tricks and provide insight on EQUIS. Our experts are here to help! Email questions to [ug@earthsoft.com](mailto:ug@earthsoft.com) or simply bring them to the webinar.

## Product Advisory Forums

[Schedule](#) – Semi-annually

Typical Length – 1 hour

Preview new features from upcoming builds of EQUIS. Provide feedback directly to the EarthSoft development team on how features and workflows might be implemented in EQUIS.

To stay up-to-date about upcoming webinars, please subscribe [here](#) to our mailing list.

# EarthSoft Community Center

The [EarthSoft Community Center \(ECC\)](#) is an EQuIS Enterprise site that provides access to many EQuIS product and support resources. Create a free account on the ECC, login, and then navigate to one of the available dashboards.

## Online Documentation

Access links to the build-specific online help documentation and release notes for EQuIS. Peruse detailed documentation organized by EQuIS product or use the search feature to find articles on specific topics.

## EarthSoft Training Resources

Learn EQuIS with EQuIS On-Demand Training courses and training exercises for many EQuIS applications. On-Demand Training courses are one to two hours in length and are accessed via an interactive platform called [Udemy](#), where users can create a free account. Work through each course at your own pace (easily start, stop, pause, rewind or re-visit lectures). Your Udemy account allows you to track progress of each course, earn completion certificates, and post questions to the course instructors.

On-demand course topics are divided into sections on the EarthSoft Training Resources dashboard. For new EQuIS users, we recommend starting with the [Introduction to EQuIS](#) section. Users may move through sections in any order (or independently).

## Data Dictionary

Browse the Data Dictionary to gain insight on the EQuIS Schema. Review table and field descriptions. Examine details, such as field type and length, as well as requirements and parent-table relationships. The Data Dictionary is searchable and browsable.

# EarthSoft Community Center

## Discussion Forum

Ask questions and engage in dialogue on EQuIS applications. Subscribe to specific topics or forum tags and receive real-time notifications. Track EarthSoft announcements and updates and make EQuIS feature requests.

## EarthSoft Video Library

Explore a variety of EarthSoft video resources. While a few videos are featured on the EarthSoft Training Resources dashboard, our entire video collection can be accessed from the EarthSoft Office Hour Video dashboard. Link to the Office Hour Screencast Channel and view all the Office Hours videos in one place. Additionally, videos are organized into a variety of playlists based on topic.
