

## Mobile Apps for Atrium

Mobile apps that keep you connected anytime, anywhere

### ATRIUM MOBILE APPS FOR LIBRARIANS

Our mobile apps provide the ability for authorized staff to perform circulation and inventory, and to process electronic payments using their favorite mobile devices.

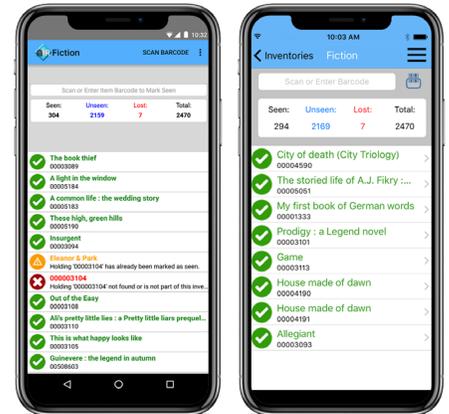

Free

#### Atrium Inventory Resource

The Atrium Inventory Resource (AIR) app provides an easy way to perform an inventory without lugging a laptop around or searching for places to plug-in equipment. Staff members can work simultaneously in different library sections using an iOS® or Android™ supported mobile device with cellular Internet or Wi-Fi connectivity. Doing an inventory has never been easier!

Scan item barcodes and update your inventory as you walk from shelf to shelf, marking them as seen, unseen, or lost. Active inventories get instantly updated.

Free

#### Atrium Mobile Interface

The Atrium Mobile Interface (AMI) app allows you to perform basic circulation tasks remotely using an iOS® or Android™ supported mobile device with cellular Internet or Wi-Fi connectivity.

An excellent solution for bookmobile, classroom, and other portable circulation needs. Library staff can also assist patrons with locating items or other details regarding fines, reserves, and more.

*Remote circulation in the palm of your hand*

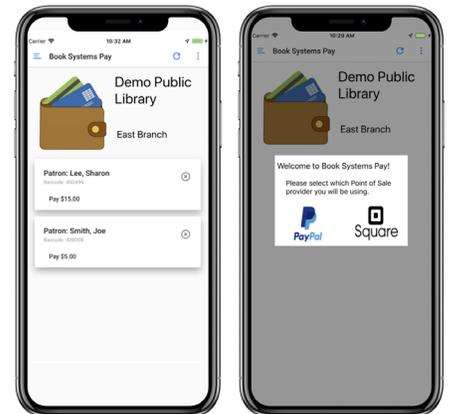

Free

#### Book Systems Pay

The Book Systems Pay app allows you to process electronic payments of library fines and fees. Accepting credit card payments is another convenience your library can offer your patrons; it can also alleviate issues with handling cash from your cash drawer. This app provides a secure link between Atrium and PayPal or Square so transactions completed on your mobile devices are automatically synced to your patron records.

Book Systems Pay works with iOS® or Android™ supported mobile devices using a PayPal or Square card reader.

## ATRIUM MOBILE APPS FOR PATRONS

Our mobile apps provide your patrons with the ability to access the library catalog or perform self-checkouts using their favorite mobile devices.

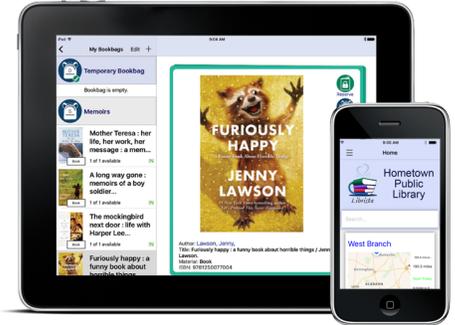

Free

### Librista™

Give your patrons a powerful, portable, and responsive option to search your library's catalog, eBooks, Community posts, and manage their account right from their favorite mobile device. Works with iOS® or Android™ supported mobile devices with cellular Internet or Wi-Fi connectivity.

Using geolocation features, patrons can quickly find your library or any other libraries that use Atrium for their Integrated Library System.

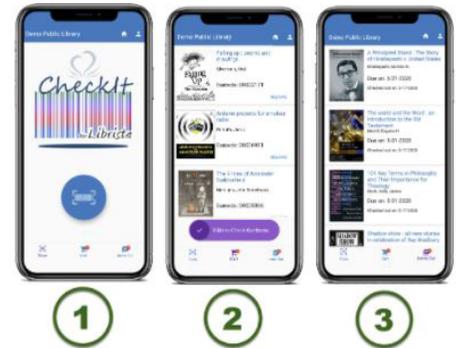

Purchase Required

### Librista CheckIt™

Librista CheckIt is a mobile app for Atrium that allows patrons to borrow items from the library using their iOS® or Android™ supported mobile device with cellular Internet or Wi-Fi connectivity.

Implementing a self-checkout app encourages patron participation, helps promote social distancing, and limits personal contact while increasing your library's circulation. It's as easy as 1-2-3!

*Put the ease of self-checkout in your patron's hand*

**ALL MOBILE APPS ARE AVAILABLE FOR DOWNLOAD:**
